## **Public Order Under City of Los Angeles Emergency Authority**

**Issue Date: December 2, 2020**

**Subject: Targeted Safer at Home Order**

The Coronavirus is widespread in our community, and the latest data from the Los Angeles County Department of Public Health shows more Angelenos are infected with COVID-19 than ever before.

Our City is now close to a devastating tipping point, beyond which the number of hospitalized patients would start to overwhelm our hospital system, in turn risking needless suffering and death. These unfortunate facts about the spread of COVID-19 in our City mean that we must resume some of the more restrictive measures we instituted in the Spring.

The way to avoid that dreaded scenario is clear. We must refrain from gathering with people from outside our household wherever possible. Angelenos have shown what is possible when we cooperate, listen, and protect our family, friends, neighbors, and favorite businesses. This most recent surge in COVID-19 cases presents us with an opportunity to work together, again, to reduce its spread and flatten the curve.

We must minimize contact with others as much as possible. Even if you believe that the virus does not present a particular threat to you, consider the impact that your choices have on others. Because COVID-19 can be transmitted by someone who is unaware that she is carrying it, one person could be unknowingly infecting many people if she is not careful. The better we are now at staying apart, the sooner we will be able to come back together.

Under the provisions of Section 231(i) of the Los Angeles City Charter and Chapter 3, Section 8.27 of the Los Angeles Administrative Code, I hereby declare that the Safer L.A. Order, dated June 1, 2020 (subsequently revised), is temporarily withdrawn and superseded by this Order, which is necessary for the protection of life and property in the City of Los Angeles and is effective immediately:

- I. Subject only to the exceptions outlined in this Order, all persons living within the City of Los Angeles are hereby ordered to remain in their homes. Residents of the City of Los Angeles who are experiencing homelessness are exempt from this requirement. The City is working, along with partner government agencies and non-governmental organizations, to make more emergency shelters available for the unhoused residents of our City. City of Los Angeles officials and contracted partners responsible for homelessness outreach shall make every reasonable effort to persuade such residents to accept, if offered, temporary housing or shelter, as the Health Officer of the County of Los Angeles recommends that sheltering individuals will assist in reducing the spread of the virus and will protect the individual from potential exposure by allowing the individual access to sanitation tools. People at high risk of severe illness from COVID-19 and people who are sick are urged to stay in their residence to the extent possible except as necessary to seek medical care.
  
- II. Subject only to the exceptions outlined in this Paragraph and Paragraph V below, all businesses within the City of Los Angeles are ordered to cease operations that require in-person attendance by workers at a workplace. In particular, the following businesses, recreational sites, commercial properties, and activities are prohibited:
  - a) Lounges and nightclubs;
  - b) Bars and craft distilleries that possess a valid low risk restaurant public health permit issued by the County of Los Angeles;
  - c) Public entertainment venues: movie theaters, live performance theaters, concert venues, theme parks, and festivals;
  - d) Family entertainment centers for indoor operations only, including arcades and other amusement games, as well as miniature golf, batting cages, and go cart racing;
  - e) All restaurants, but only for indoor and outdoor in-person onsite dining until further notice;
  - f) Cardrooms, satellite wagering facilities, and racetrack onsite wagering facilities until further notice;
  - g) Playgrounds, except for playgrounds located within childcare centers or schools;
  - h) Indoor portions and exhibits of museums, zoos and aquariums are closed to the public until further notice;
  - i) Hot tubs, steam rooms and saunas not located on a residential property;
  - j) Small water vessel charters and outdoor equipment rental;
  - k) All public and private events and gatherings, unless specifically allowed by this Order.

To the extent that business operations may be maintained by telecommuting or other remote means, while allowing all individuals to maintain shelter in their residences, this Order shall not apply to limit such business activities.

- III. All public and private gatherings of any number of people from more than one household are prohibited, except for outdoor faith-based services described in Paragraph 5 and participating in an in-person outdoor protest while wearing a face covering, maintaining social distancing, and observing the Los Angeles County

Protocol for Public Demonstrations. This provision does not apply to gatherings of people who live within a single household or living unit. For purposes of this Order, and in relationship to private gatherings, a “household” shall not include institutional group living situations such as dormitories, fraternities, sororities, monasteries, convents, or residential care facilities, nor does it include such commercial group living arrangements as boarding houses, hotels, or motels. Private gatherings are defined as social situations that bring together people from different households at the same time in a single space or place.

- IV. All persons within the City of Los Angeles must stay home, except to travel to and from Essential and Permitted Activities, to work at or provide service to a healthcare operation or essential infrastructure, to work at, perform or obtain service from an essential government function, to engage in essential activities, or to participate in individual or household activities while practicing social distancing.

All permitted activities with individuals of other households and all activities conducted outside the residence, lodging, or temporary accommodation with members of other households must cease between 10:00 p.m. and 5:00 a.m. (Pacific) except for those activities associated with the operation, maintenance, or usage of an essential business, healthcare operation, essential infrastructure, essential government function or required by law. This Temporary Order does not apply to persons experiencing homelessness. Nothing in this Temporary Order prevents any number of persons from the same household from leaving their residence, lodging or temporary accommodation, as long as they do not engage in any interaction with (or otherwise gather with) any number of persons from any other household, except as specifically permitted herein.

- V. Exceptions. People may lawfully leave their residences while this Order is in effect only to engage in the activities set forth in this section. In addition, certain business operations and activities are exempt from the provisions of this Order, on the grounds that they provide services that are recognized to be critical to the health and well-being of the City. All businesses operating under any of the following exemptions must comply with all applicable protocols set forth by the State of California and the Los Angeles County Department of Public Health. Persons engaging in any of these essential activities are required to maintain reasonable social distancing practices and wear facial coverings. Children (under the age of 2); those at risk of suffocation and people with certain disabilities are not required to wear a face covering. Notwithstanding the above exceptions, all individuals over the age of 16 traveling into the City of Los Angeles from another state or country must complete and submit online a traveler form upon arrival, acknowledging that they have read and understood the State of California’s travel advisory. is punishable by a fine of up to \$500. The travel form and travel advisory are available at <https://travel.lacity.org/>.
