Public Order Under City of Los Angeles Emergency Authority

Issue Date: December 31, 2020

Subject: Revised Targeted Safer at Home Order

The Coronavirus is widespread in our community, and the latest data from the Los Angeles County Department of Public Health shows more Angelenos are infected with COVID-19 than ever before. On Saturday, December 5, 2020, our region's hospital intensive care unit (ICU) capacity fell below 15%, which triggered the Governor's Regional Stay at Home Order and its more restrictive measures.

Our City is now close to a devastating tipping point, beyond which the number of hospitalized patients would start to overwhelm our hospital system, in turn risking needless suffering and death. These unfortunate facts about the spread of COVID-19 in our City mean that we must resume some of the more restrictive measures we instituted in the Spring.

The way to avoid that dreaded scenario is clear. We must refrain from gathering with people from outside our household wherever possible. Angelenos have shown what is possible when we cooperate, listen, and protect our family, friends, neighbors, and favorite businesses. This most recent surge in COVID-19 cases requires us to work together, again, to reduce its spread and flatten the curve.

Indoor and outdoor dining on premises was allowed in earlier stages of this pandemic, subject to compliance with public health protocols, but the current surge in cases and transmission rates again compels the City to order the suspension of such operations. Although outdoor dining is generally regarded by scientists to be safer than indoor dining, scientific research reveals that it is not entirely safe when the spread rates are extremely high - as they are now - as it is difficult to prevent spread at a single table, given the proximity between diners, maskless speaking, and eating.

At bottom, we must minimize contact with others as much as possible. Even if you believe that the virus does not present a particular threat to you, consider the impact that your choices have on others. Because COVID-19 can be transmitted by persons who are unaware that they are carrying it, one person could be unknowingly infecting

many people if they are not careful. The better we are now at staying apart, the sooner we will be able to come back together.

Under the provisions of Section 231(i) of the Los Angeles City Charter and Chapter 3, Section 8.27 of the Los Angeles Administrative Code, I hereby declare that the Safer L.A. Order, dated June 1, 2020 (subsequently revised), is temporarily withdrawn and superseded by this Order, which is necessary for the protection of life and property in the City of Los Angeles and is effective immediately:

- I. Subject only to the exceptions outlined in this Order, all persons living within the City of Los Angeles are hereby ordered to remain in their homes. Residents of the City of Los Angeles who are experiencing homelessness are exempt from this requirement. The City is working, along with partner government agencies and non-governmental organizations, to make more emergency shelters available for the unhoused residents of our City. City of Los Angeles officials and contracted partners responsible for homelessness outreach shall make every reasonable effort to persuade such residents to accept, if offered, temporary housing or shelter, as the Health Officer of the County of Los Angeles recommends that sheltering individuals will assist in reducing the spread of the virus and will protect the individual from potential exposure by allowing the individual access to sanitation tools. People at high risk of severe illness from COVID-19 and people who are sick are urged to stay in their residence to the extent possible except as necessary to seek medical care.
- II. Subject only to the exceptions outlined in this Paragraph and Paragraph V below, all businesses within the City of Los Angeles are ordered to cease operations that require in-person attendance by workers at a workplace. In particular, the following businesses, recreational sites, commercial properties, and activities are prohibited:
 - a) Lounges, smokers' lounges (including 'hookah' lounges), and nightclubs;
 - b) Bars and craft distilleries that possess a valid low risk restaurant public health permit issued by the County of Los Angeles; and breweries and wineries for in-person onsite food and beverage service;
 - c) Public entertainment venues: movie theaters, live performance theaters, concert venues, theme parks, and festivals;
 - d) Family entertainment centers for all activities;
 - e) All restaurants, but only for indoor and outdoor in-person onsite dining until further notice, per the Los Angeles County Revised Temporary Targeted Safer At Home Health Officer Order for Control of COVID-19: Tier 1 Substantial Surge Updated Response;
 - f) Cardrooms, satellite wagering facilities, and racetrack onsite wagering facilities until further notice;
 - g) Indoor playgrounds; outdoor playgrounds may remain open to facilitate physically distanced personal health and wellness through outdoor exercise following Los Angeles County Public Health Protocols for Playgrounds. Playgrounds located on schools that remain open for in-person instruction, and not accessible by the general public, may remain open and must follow Los Angeles County and California State Protocols for Schools;

- h) Museums, zoos and aquariums are closed to the public;
- i) Hot tubs, steam rooms and saunas not located on a residential property;
- j) Small water vessel charters and outdoor equipment rental;
- k) Personal care services. Personal care establishments include hair salons, nail salons, barbershops, esthetic, skin care, waxing, electrolysis, body art professional, tattoo parlors, and piercing shops, tanning salons and massage therapy (in non-healthcare settings). Personal Care Services do not include medical massage that is done based on a referral by a physician or chiropractor;
- l) All public and private events and gatherings, unless specifically allowed by this Order.

To the extent that business operations may be maintained by telecommuting or other remote means, while allowing all individuals to maintain shelter in their residences, this Order shall not apply to limit such business activities.

- III. All public and private gatherings of any number of people from more than one household are prohibited, except for outdoor faith-based services and outdoor political expression, and as provided in Paragraph V while wearing a face covering, maintaining social distancing, and observing the applicable Los Angeles County Protocols. This provision does not apply to gatherings of people who live within a single household or living unit. For purposes of this Order, and in relationship to private gatherings, a "household" shall not include institutional group living situations such as dormitories, fraternities, sororities, monasteries, convents, or residential care facilities, nor does it include such commercial group living arrangements as boarding houses, hotels, or motels. Private gatherings are defined as social situations that bring together people from different households at the same time in a single space or place.
- IV. All persons within the City of Los Angeles must stay home, except to travel to and from essential and permitted activities, to work at or provide service to a healthcare operation or essential infrastructure, to work at, perform or obtain service from an essential government function, to engage in essential activities, or to participate in individual or household activities while practicing social distancing.

All permitted activities with individuals of other households and all activities conducted outside the residence, lodging, or temporary accommodation with members of other households must cease between 10:00 p.m. and 5:00 a.m. Pacific except for those activities associated with operation, maintenance, or usage of an essential business, healthcare operation, essential infrastructure, essential government function, places of worship for faith-based services or as required by law. This Order does not apply to persons experiencing homelessness. Nothing in this Order prevents any number of persons from the same household from leaving their residence, lodging or temporary accommodation, as long as they do not engage in any interaction with (or otherwise gather with) any number of persons from any other household, except as specifically permitted herein.

- V. Exceptions. People may lawfully leave their residences while this Order is in effect only to engage in the activities set forth in this section. In addition, certain business operations and activities are exempt from the provisions of this Order, on

the grounds that they provide services that are recognized to be critical to the health and well-being of the City. All businesses operating under any of the following exemptions must comply with all applicable protocols set forth by the State of California and the Los Angeles County Department of Public Health. Persons engaging in any of these essential activities are required to maintain reasonable social distancing practices and wear face coverings. This includes maintaining a distance of at least six-feet away from others, frequently washing hands with soap and water for at least twenty seconds or using hand sanitizer, covering coughs or sneezes (into the sleeve or elbow, not hands), regularly cleaning high-touch surfaces, not shaking hands and wearing a face covering over both the nose and mouth whenever there is or can be contact with others who are non-household members in both public and private places. Children (under the age of 2), those at risk of suffocation, and people with certain disabilities are not required to wear a face covering. Notwithstanding the above exceptions, all individuals over the age of 16 traveling into or returning to the City of Los Angeles from another state or country must complete and submit online a traveler form upon arrival, acknowledging that they have read and understood the State of California's travel advisory and the Los Angeles County Department of Public Health mandatory directive on travel, Appendix X of the Health Officer Order. Failure to submit the form is punishable by a fine of up to \$500. The travel form and travel advisory are available at <https://travel.lacity.org/>. The Los Angeles County Department of Public Health' order provides that all persons traveling into Los Angeles County, whether by air, car, train, or any other means, directly or indirectly from a point of origin outside the Southern California Region, defined as the counties of Imperial, Inyo, Los Angeles, Mono, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura, must quarantine for at least 10 days after arrival.
